Preface

In response to requests by the library community and the Depository Library Council to the Public Printer, the Assistant Public Printer (Superintendent of Documents) in the summer of 1974 directed the Library Division to join the Ohio College Library Center's on-line cataloging network, convert to the MARC format, and catalog according to Anglo-American cataloging rules (AACR).

The Monthly Catalog utilizes AACR 2 and Library of Congress main entries. Subjects are derived from Library of Congress Subject Headings 9th edition and its supplements. The catalog consists of text and five indexes—author, title, subject, series/report number, and

stock number.

The Government Printing Office considers the *Monthly Catalog* to be an evolving publication. Its scope and timeliness will continue to be of prime importance.

LIST OF GOVERNMENT AUTHORS

The alphabetical list in the preliminary pages locates the catalog sequence of documents issued by a specific agency. This list is compiled each month and includes only Government authors of documents received and cataloged during that time span.

INDEXES

Entries in the Monthly Catalog are indexed for access by author, title, subject, and series/report:

Author index: An alphabetical list of personal authors, editors, co-authors, corporate authors, and conferences.

Title index: An alphabetical list of titles, series titles, and sub- or alternate titles.

Subject index: An alphabetical list of subjects derived from Library of Congress Subject Headings.

Series/report index: An alphabetical list of report numbers and series statements.

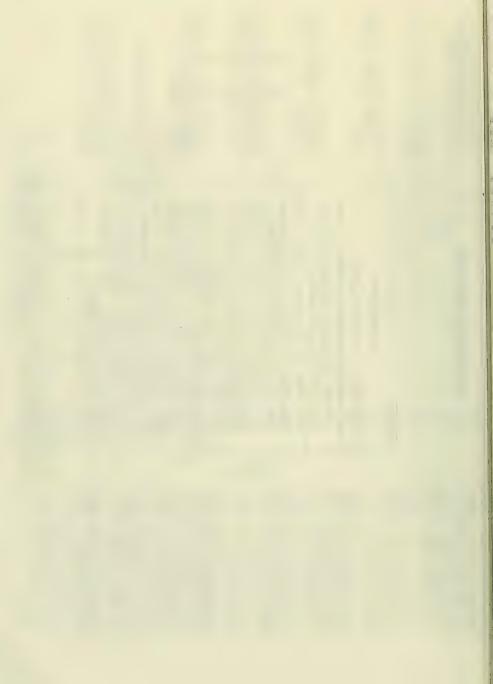

Stock number index: A numerical list of Superintendent of Documents stock numbers.

Title key word index: An alphabetical list of important words selected from information in the title fields.

A margin index on the back cover locates the six listings. Cumulative indexes are published semiannually and annually. Titles in all indexes are followed by the text entry number where more detailed information is available. SUPT. OF DOCS. GENERAL INFORMATION

The Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402, is authorized by law to sell copies of government publications. The Superintendent of Documents currently sells 21,000 titles, which are only a small portion of the publications that have been issued by the Federal Government. Not every title that is listed in the Monthly Catalog is sold by GPO.

The prices of all U.S. Government publications sold by the Superintendent of Documents are established by the Public Printer in accordance with Title 44 of the United States Code. Prices are subject to change without notice. The prices charged on your order will be those in effect at the time your order is processed, with the exception of prices quoted from the GPO order desk. (A telephone quote number will be provided at that time which guarantees the price for 90 days.) As it is not feasible to manually correct the prices in the publications affected by price changes, the prices charged on your order may differ from those printed in the publications and in the Monthly Catalog.

DISCOUNTS

A 25 percent price discount is allowed for purchases of 100 or more copies of a single publication that are mailed to one address. Bookdealers buying for the purpose of resale will receive the same 25 percent discount, regardless of quantity, if the publications are mailed to their place of business. No discount is allowed when the publications are mailed to a third party unless the order is for 100 or more copies of a single publication. Also no discount is allowed on several periodicals or groups of publications which fall into a special pricing category.

THE GPO PUBLICATIONS REFERENCE FILE

The GPO Sales Publications Reference File (PRF) is a 48x microfiche catalog of publications sold by the Superintendent of Documents. The PRF is issued on a bi-monthly subscription basis and lists all publications and subscription services currently for sale by the Superintendent of Documents. Forthcoming sales items and items that have been exhausted (out-of-print) for up to two years are also included in the PRF.

Each PRF issue consists of approximately 300 microfiche and is sent to subscribers and depository libraries six times a year in January, March, May, July, September, and November. Monthly supplements to the PRF, entitled GPO New Sales Publications, consists of one or two microfiche. Each supplement lists all new publications added to the active sales inventory during the preceding month.

The PRF is arranged in three sequences:

- 1. By Government Printing Office stock numbers
- 2. By Superintendent of Documents classification numbers
- 3. By alphabetical arrangement of subjects, titles, agency series and report numbers, key words and phrases, and individual authors.

The PRF may be purchased as a subscription service, or by single issue.

THE EXHAUSTED GPO PUBLICATIONS REFERENCE FILE

At the beginning of each year, a number of exhausted (out-of-print) titles are removed from the <u>GPO Sales Publications Reference File</u> and merged into a separate index of exhausted titles, called the <u>Exhausted GPO Publications Reference File</u> (EPRF). First created in January of 1980, the EPRF contains references to more than 25,000 U.S. Government documents formerly sold by the Superintendent of Documents.

The EPRF provides a ready reference file of historical bibliographic information that will be helpful in identifying older publications. Beginning with the 1981 edition, each annual EPRF will cumulate all titles exhausted since the basic 1980 edition. Current price and ordering information about the PRF and the EPRF may be obtained from the Superintendent of Documents by calling the order desk at (202) 783–3238.

Copies of exhausted publications listed on the EPRF may be found in regional Federal depository library collections. Copies of certain technical publications no longer sold by the Superintendent of Documents may usually be obtained by writing to:

National Technical Information Service 5285 Port Royal Road Springfield, VA 22161

SUBJECT BIBLIOGRAPHIES AND INDEX

At present the Superintendent of Documents does not publish a complete hardcopy listing of all titles that are for sale. Most of the available titles appear in the more than 250 subject bibliographies that are prepared by this Office. The subject bibliographies list publications and subscriptions on a single subject, or on a specific field of interest. Each entry is listed by title, GPO stock number, and price. The bibliographies also provide a brief description of some of the publications and subscriptions listed, and ordering information. The Superintendent of Documents has also prepared a Subject Bibliography Index to assist customers in selecting the subject bibliography that most closely relates to their needs. Prices of publications listed in the subject bibliographies are subject to change without notice.

The Subject Bibliography Index and the subject bibliographies are free and may be obtained by writing to:

Superintendent of Documents U.S. Government Printing Office Washington, D.C. 20402

GOVERNMENT PERIODICALS AND SUBSCRIPTION SERVICES, PRICE LIST 36

Government Periodicals and Subscription Services, Price List 36 is a free catalog available upon request from the Superintendent of Documents. This catalog lists over 500 subscription services that are published by more than 40 Federal agencies and sold by the Superintendent of Documents. Each issue also lists the changes in subscription services that have occurred since the last edition of Price List 36 was published. These revisions include new subscription services, subscriptions that have been discontinued, changes in subscription titles and the latest prices. All changes are listed under "General Information" in the preliminary pages. A subscription order form and ordering information are provided on the last two pages. Retention information (the number of available back issues retained for single copy sale) is included in the text entries of Price List 36 following the single copy price. Price List 36 is revised and issued quarterly (Winter, Spring, Summer and Fall). Prices of all subscription services are subject to change without advance notice. To obtain a copy of Price List 36, write to:

Superintendent of Documents U.S. Government Printing Office Washington, D.C. 20402

CONSUMER INFORMATION CATALOG

The Consumer Information Center was established in 1970 by presidential order to increase public awareness of consumer information released by Federal agencies. A catalog of consumer publications, published four times a year by the Center, lists booklets from nearly 30 agencies of the Federal Government. More than half of these publications are free upon request.

The Consumer Information Center does not maintain a mailing list for individual copies of the Consumer Information Catalog. However, the center does maintain a bulk mailing list for educators, libraries, consumer and non-profit groups who wish to receive 25 or more copies of the catalog quarterly. A Spanish-language edition of the catalog is also available, by individual copy or by bulk. To obtain a copy of the catalog or an application to be placed on the bulk list, write to:

Consumer Information Center Pueblo, Colorado 81009

CONSUMERS GUIDE TO FEDERAL PUBLICATIONS

The Consumers Guide to Federal Publications is a free pamphlet published by the Superintendent of Documents. The guide is designed to assist customers in locating the proper source for publications relating to their interests. It gives a general overview of the Document Sales Program and describes the numerous services that the Superintendent of Documents offers. The guide also provides ordering information and lists some other sources where Federal publications are available. The guide may be obtained by writing to:

Superintendent of Documents U.S. Government Printing Office Washington, D.C. 20402

STANDING ORDER SERVICE

Certain publications or series of publications that are published annually are now available on a standing order basis. Customers who wish to use this service must maintain a Superintendent of Documents deposit account, or a VISA or MasterCard account. Under the standing order service, customers will be placed on a specific standing order list upon request and will receive publications associated with the list as they become available. GPO mails these publications to customers and charges their accounts. If funds are not available at the time of shipment, the customer is notified that no shipment will be made. Subscription services are not offered on a standing order basis. To receive a publication on standing order, customers must submit GPO Form 3468, "Authorization for Standing Order Service." This form and a list of standing order titles are available free of charge from the Superintendent of Documents. For more information on standing orders, write:

Department 40 Superintendent of Documents U.S. Government Printing Office Washington, D.C. 20402

CONGRESSIONAL PUBLICATIONS

The following Congressional materials are available from the Superintendent of Documents on a subscription basis: House and Senate Hearings, Public Bills, Reports on Public Bills, Private Bills, Reports on Private Bills, House and Senate Documents, Private Laws, Public Laws.

In most cases, single copies of these publications are not sold. Items which are not available for sale, may be obtained from the House and Senate Documents Rooms at the U.S. Capitol, Washington, D.C., 20515 (House) and 20510 (Senate) or from the issuing congressional committee. Sales items, including some committee prints, are identified with price and stock number in the individual entries in the Monthly Catalog. Prices on sales items are subject to change without notice. Current price information is available from the Superintendent of Documents.

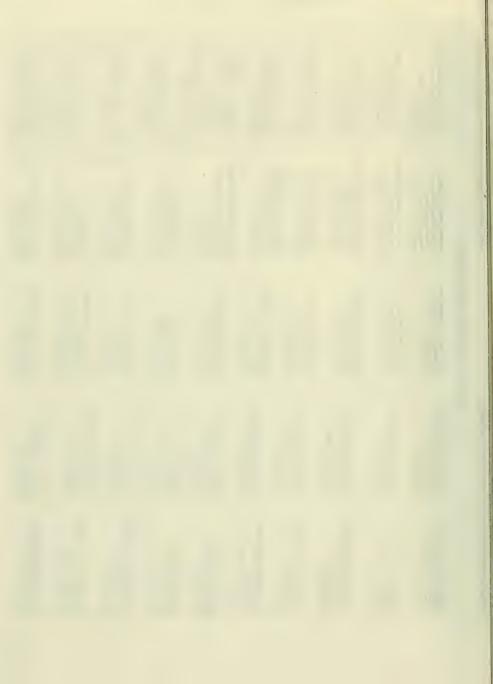

FEDERAL DEPOSITORY LIBRARY PROGRAM

To help fulfill its responsibility to inform the public on the policies and programs of the Federal Government, Congress has established the Depository Library Program. Chapter 19 of title 44 of the U.S. Code is the authority for the establishment and operation of the depository program. Under this program, government publications are made available to designated depository libraries. In order to provide the general public with greater access to government publications, these libraries are located in each state and congressional district. There are currently over 1,350 depository libraries. Of this number, 49 have been designated as regional depositories. The regional libraries assume the responsibility of retaining depository material permanently and of providing interlibrary loan and reference service in their regions. They also assist selective depository libraries with the disposal of unwanted material. Copies of documents no longer available through the GPO Sales Program can usually be found in regional Federal depository libraries, vite to:

Superintendent of Documents U.S. Government Printing Office Washington, D.C. 20402

HOW TO ORDER PUBLICATIONS

AVAILABILITY OF PUBLICATIONS

Unless otherwise indicated, publications listed in this catalog are distributed by the issuing office which appears immediately before the publication date in each entry. Publications that are sold by GPO are indicated by a "For sale by the Supt. of Docs." statement in the text entries. The GPO stock number (S/N) and the price of the publication at the time the publication was listed in the Monthly Catalog are included in the entry under the item number. (See the sample entry on page v.) Entries for publications that are sold by the National Technical Information Service include a statement to that effect. Additional information necessary for procuring documents appears above or within the text entries. Do not use the Library of Congress card number in ordering publications.

ORDERING DOCUMENTS FROM THE GOVERNMENT PRINTING OFFICE

A. General Information

- Publications that are sold by the Superintendent of Documents may be ordered directly from the Office of the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
- 2. Customers may submit orders for publications (please use GPO stock numbers and titles) on the order form found in the front of the catalog. Additional order forms are available from the Superintendent of Documents. Clear photocopies of the order form are acceptable. Instructions for ordering publications and information concerning an order or inquiry, are provided on the back of the order form.
- 3. The order form may be used to order both publications and subscription services. However, for faster service, we request that customers order subscriptions and publications on separate order forms.

 Orders for individual issues of subscriptions should be forwarded separately from orders for subscription services. A separate order form for subscriptions is printed in the front of the catalog.
- 4. Minimum amount of remittance is \$1.50.

B. Ordering Publications

- 1. Order publications by GPO stock number whenever possible. The stock number format is 000-000-00000-0. Include the complete title for each publication requested.
- 2. If a GPO stock number does not appear in a Monthly Catalog text entry, that means that the publication is <u>not sold</u> by the Government Printing Office and cannot be ordered from the Superintendent of Documents.
- Stock number, current price, and information regarding stock status is available from the order desk in Washington, D.C. (202-783-3238—a non-FTS commercial number.)
- 4. Congressional documents and reports that are sold by GPO should be ordered by the stock number and title together with the document or report number and the session of Congress, e.g., Y 1.1/7:96-1. (House document—96th Congress, 1st session; No. 1.)
- 5. Please indicate clearly on your order if you want the previous edition of a particular publication, and not the newer edition. If you want the latest edition of a publication, indicate this also.

C. Ordering Subscription Services

- 1. Use the latest quarterly edition of Government Periodicals and Subscription Services, Price List 36 or the latest available edition of the GPO Publications Reference File when ordering subscriptions.
- 2. Always indicate whether the order is for an entire subscription service or for an individual issue.
- 3. If you are requesting a specific subscription service for the first time, please indicate that it is a new order. If your order is a subscription renewal, return the provided GPO subscription renewal form within 30 days of receipt to avoid a break in service.
- 4. Order by the complete title of each subscription service and by the Sub List ID when possible (e.g., BGN for Background Notes on Countries of the World) and by stock number. To expedite the processing of your order, include the File Code listed at the end of each subscription entry in Government Periodicals and Subscription Services, Price List 36, e.g., File Code 2M. File codes may be found adjacent to the Sub List ID in the description field of the PRF.
- Indicate if you desire the service via special postage rates. You may obtain information on postage rates from the order desk (202-783-3238).
- 6. If you are requesting an individual issue of a subscription service, please provide the complete title, volume number, issue number and date if the issue is a dated (regularly issued) periodical. The Superintendent of Documents retains the latest six issues of most dated periodicals (the latest two issues for most quarterlies) while supplies last.
- 7. Single copies of some irregularly issued subscriptions are also available for sale. Contact the order desk for availability and price information. Records of individual issues of certain irregular subscription services are also classified on the PRF. Single issues of basic and supplemental subscriptions are not for sale.
- 8. All subscription services are issued for one year, unless otherwise indicated. On basic and supplemental services, customers will receive all material to date. Customers requesting dated periodicals will receive the next scheduled issue of the subscription, with the exception of semiannuals and triannuals, in which case the current issue is mailed. customers who order irregular subscription services will receive the next scheduled issue. Most irregular subscription services expire one year after they are entered on the Mail List File. No back material is issued for irregular subscriptions. Back material is furnished for calendar year subscriptions (e.g., Monthly Catalog of U.S. Government Publications, Index Medicus, Code of Federal Regulations, National Library of Medicine Audio Visual Catalog) regardless of when customers submit their orders during the year.

Cancelling a Subscription Service

- Those subscriptions issued on a regular basis, and a few which are issued irregularly, may be cancelled and a refund made for the unused portion of the subscription. The refund will be prorated based on the number of issues already mailed or scheduled for mailing.
- 2. There is an \$8.00 cancellation charge which will be deducted from the total price of the subscription.
- 3. If the subscription costs \$8.00 or less, no cancellation fee will be assessed and no refunds will be made.

Exceptions:

- a) Subscribers who request cancellation of service because the order took longer than six weeks to process, or was processed incorrectly, will receive a full refund regardless of the price of the subscription. No cancellation fee will be charged.
- b) Subscribers who request cancellation of service because of a price increase, when the order was processed at the new higher price without their consent, will be refunded the entire amount regardless of the price of the subscription. No cancellation fee will be charged.
- Customers who request cancellation of service on special six month introductory subscriptions will
 not be issued refunds or charged a cancellation fee.
- 5. No refunds will be made or cancellation fees assessed on basic and supplemental subscription services.

D. Processing Time

Publication Orders

Publication orders for domestic customers are shipped non-priority or by United Parcel Service, depending on the zone and weight. Under regular service, domestic publication orders are shipped within five to ten working days of receipt. Publications for international customers are shipped surface mail within five to ten working days of receipt unless the customer specifies and pays for airmail service.

Subscription Orders

Most subscriptions are mailed non-priority unless priority mailing is specified. Allow six weeks processing time plus mailing time for subscription services. Airmail service is available to international customers for most subscription services. However, on basic and supplemental subscription services, only the basic manual and all supplements issued to date are mailed airmail; all subsequent supplemental material is sent surface mail.

E. Ordering via Telephone

- Customers may place an order by telephone to reduce processing time if the order is to be charged to a VISA, MasterCard, or Superintendent of Documents prepaid deposit account. Customers may call the order desk in Washington, D.C., at (202) 783-3238, between 8:00 a.m. and 4:30 p.m., Eastern time, Monday-Friday, except holidays.
- 2. Telephone ordering service is also provided by GPO bookstores which carry the more popular publications. (Refer to the list on the back cover for the store in your area.) Customers may order publications by telephone at any GPO bookstore. If the publication requested is available, the order will be processed by the bookstore and the publication will be mailed to the customer. Orders for publications that are not available from the bookstore and orders for subscription services will be forwarded by the bookstore to the GPO Central Office for processing.
- 3. When ordering by telephone or through the mail, customers should provide an area code and telephone number where they may be reached during the day.

Telex Service

Customers with teletype equipment can also charge orders to a deposit account or credit card account by dialing the GPO TWX #710 822-9413; ANSWER BACK USGPO WSH.

F. How to Remit

Checks

- All remittances for GPO sales documents should be by check or money order made payable to the Superintendent of Documents. Please do not send currency or coin.
- 2. With few exceptions, all orders must be accompanied by U.S. dollar remittance.

VISA/MASTERCARD

The Superintendent of Documents is accepting orders to be charged to a valid VISA or MasterCard account.

- 1. Customers who wish to use one of these services should furnish their credit card number and the date of expiration.
- Orders for subscriptions and/or for publications may be charged to your credit card account. Your account will be charged when the item is mailed.

Deposit Account

Customers who make frequent purchases from the Superintendent of Documents will find a deposit account a convenient method for ordering publications and subscriptions.

- 1. A minimum deposit of \$50 is required to open a deposit account. Upon receipt of your remittance by this Office, you will be assigned a unique deposit account number against which you may place future orders. A positive balance must be maintained in your account in order to place future deposit account orders. Requests to open a deposit account should be submitted separately and addressed to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Customers should send all deposits to their accounts separately from orders.
- For prompt and speedy service when ordering both publications and subscriptions to be charged to
 your prepaid account, please use separate order forms. Forms may be obtained from the Superintendent of Documents by request. Be sure to include a deposit account number when placing deposit
 account orders.
- 3. You will receive a monthly statement regarding the status of your deposit account provided there has been activity on the account during the previous month. The statement will indicate all charges made against the account during the month and the remaining balance. An account with a positive balance may be closed upon a customer's written request.
- 4. We suggest that deposit account customers maintain a balance sufficient to cover three months' purchases to assure prompt processing of their orders and to avoid the necessity of forwarding frequent deposits.

Invoicing

Currently, Federal agencies, state and local agencies, and college bookstores may submit orders unaccompanied by remittance to the Superintendent of Documents. These customers are invoiced for the cost of the products supplied to them. All other customer orders must be prepaid.

- To facilitate invoice processing, agencies should include a purchase order number on all agency purchasing order forms and have the forms signed by a purchasing official. They should also include a "bill to" address, a "ship to" address and funding data.
- To avoid duplicate shipments, agencies should not send confirmation copies of their purchase orders.
 They should clearly indicate if payments are for previously submitted orders and include GPO's invoice number with the payments.

G. Additional Remittance Information for International Customers

- Customs and international mailing regulations require special handling of all orders that are mailed outside of the United States. The Superintendent of Documents charges an additional 25 percent of the current domestic selling price of a publication or subscription service to cover the special handling charges. We also require that remittance be made in advance of shipment. We request that all correspondence with this Office be in English.
- 2. International customers should remit by International Postal Money Order, by a draft on a United States or Canadian bank, (in U.S. dollars) or by UNESCO Coupons. We cannot accept drafts from foreign branches of an American bank. Orders received with postage stamps, International Response Coupons, or foreign currency are not acceptable and will be returned unprocessed.
- 3. To guarantee the price of a publication for purchase at a future date, customers may request a pro forma invoice. This invoice quotes the title of the publication, its price, and special handling charges. It is valid for 90 days from the date of the quote.
- 4. Unless otherwise specified by the customer, shipments for international orders will be sent surface mail. Airmail rates for publications vary according to the weight of the shipment and its destination Airmail rates for individual issues of subscription services remain constant through the term of the service. The Superintendent of Documents recommends that international customers request airmail service for dated periodical subscription services. Information on airmail rates may be obtained by telephone (202-783-3238), telex (TWX #710 822-9413 ANSWER BACK USGPO WSH) or by mail

REMINDER: Prices of publications are subject to change without notice and the prices charged on your order will be those in effect at the time your order is processed, with the exception of those who have requested a pro forma invoice in advance or have obtained a valid price quote.

COMPLAINTS

Orders for Publications

- If you have a problem with a publication order, allow four weeks for mailing and processing time if the order was sent by mail. Allow three weeks if the order was placed by telephone.
- 2. Please clearly explain the problem and provide a copy of the order, along with proof of payment. Also include a telephone number where you can be reached during business hours.
- 3. Address all inquires to:

Chief, Service Section Stop: SSOS U.S. Government Printing Office Washington, D.C. 20402

NOTE: We do not accept the return of publications for exchange or credit unless an error was made in processing your order, or if your order was received in faulty condition. If an adjustment is necessary, return your order document or shipping ticket, along with proof of payment (cancelled check—front and back, VISA, MasterCard or Superintendent of Documents Deposit Account number). All claims must be submitted within six months from the date of your order. DO NOT RETURN ANY PUBLICATION UNTIL NOTIFIED TO DO SO.

B. Orders for Subscriptions

- 1. Allow a minimum of 6 weeks before inquiring about a subscription service.
- 2. In your letter of inquiry include the title of the subscription, the subscription symbol (List ID), the date of the order, the order number, the subscriber address and proof of payment. Be as specific as possible about the problem (e.g., specify missing issues, quantity, whether a new or renewal order, etc.)
- 3. Address all inquiries to:

Chief, Subscription Research Section Stop: SSOM U.S. Government Printing Office Washington, D.C. 20402

C. Deposit Accounts

- Allow 3 weeks before a new deposit account can be activated and before the new account number will be sent to the account holder.
- If the problem relates to charges made against the account, include a copy of the statement and annotate the charges in question.

Chief, Deposit Account Section Stop: SAOS U.S. Government Printing Office Washington, D.C. 20402

Phone numbers for the offices listed above may be found in the directory on the following page. If you receive defective publications or you are dissatisfied with the responses from any of these offices, address all inquires to:

Superintendent of Documents U.S. Government Printing Office Washington, D.C. 20402

82-12312

A 1.32/2:B 65

Sector boss videorecording / U.S. Dept. of Agriculture. Washington: The Department, 1970: Distributed by National Audiovisual Center, 1982. 1 videorecording (21 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. Identifies the specific responsibilities of the sector boss and shows their relationship to successful and economical fire management. 1. Forest fires—Prevention and control. 2. Forest fire fighters. I. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706247 OCLC 08362591

82-12313

A 1.32/2:F 51

Fire control simulator [videorecording] / U.S. Dept. of Agriculture. Washington: The Department, 1964: Distributed by National Audiovisual Center, 1982. 1 videorecording (12 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. Explains the uses and advantages of the fire control simulator. Not intended to train instructors in how to use the simulator. The fire training simulator places trainees in a real-life situation in learning to fight forest fires. 1. Forest fires—Prevention and control. I. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706261 OCLC 08379117

82-12314

A 1.32/2:F 51/2

Fire plow performance and use [videorecording] / U.S. Dept. of Agriculture. Washington: The Department: Distributed by National Audiovisual Center, 1982. 1 videorecording (15 min.): sd., col. Title from data sheet. Originally issued as motion picture in 1959. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Shows the advantages of mechanized fire line-building equipment over the use of handtools. Demonstrates the types of plows evolved through experimentation and experience, as well as the modern transports available to get them on the line quickly. Stresses the ways in which such equipment saves timber stands and reduces suppression costs. 1. Forest fires — Prevention and control. 2. Plows. I. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706262 OCLC 08379133

82-12315

A 1.32/2:F 51/3

Fire weather [videorecording] / U.S. Dept. of Agriculture. Washington: The Department, 1964: Distributed by National Audiovisual Center, 1982. 1 videorecording (27 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. Gives foresters and other managers of fire suppression crews knowledge of weather elements and processes that are important in planning fire suppression strategy. 1. Forest fires—Prevention and control. 2. Weather. 3. Fire extinction. 1. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706250 OCLC 08364255

82-12316

A 1.32/2:F 51/4

Fire vs. fire [videorecording] / U.S. Dept. of Agriculture. Washington: The Department, 1966: Distributed by National Audiovisual Center, 1982. 1 videorecording (26 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. Deals with information that will assist fire control managers in developing abilities to know when and why fire should be used in fire control. Examines the technical requirements of using fire in this way. 1. Forest fires — Prevention and control. 2. Fire extinction. I. United States. Dept. of Agriculture. II. National Audiovisual Center. III. Title: Fire versus fire. 82-706251 OCLC 08366224

82-12317

A 1.32/2:H 19

Handtools for wildfire [videorecording] / United States Department of Agriculture. Washington: The Department, 1974: Distributed by National Audiovisual Center, 1982. 1 videorecording (18 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. Designed for training new or experienced firemen in the use of a variety of handtools. Demonstrates the Pulaski, McLeod, shovel, saw, water nozzle, brush, hook, mopup kit, and fusee. 1. Wildfires — Prevention and control. 2. Fire extinction. I. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706248 OCLC 08362669

82-12318

A 1.32/2:W 29

Water on the fire [videorecording] / U.S. Dept. of Agriculture. Washington: The Department: Distributed by National Audiovisual Center, 1982. 1 videorecording (27 min.): sd., col. Title from data sheet. Originally issued as motion picture in 1953. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Demonstrates effective and economical ways to use water in extinguishing various types of burning fuels in the forests of eastern United States. 1. Forest fires—United States—Prevention and control. 2. Fire extinction. I. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706249 OCLC 08362812

82-12319

A 1.32/2:Y 8

Your way out videorecording / U.S. Dept. of Agriculture. Washington: The Department, 1967: Distributed by National Audiovisual Center, 1982. 1 videorecording (17 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. A training film for forest firefighters. Shows how a person who is surrounded or overtaken by fire can survive in a fire shelter tent. 1. Forest fires — Prevention and control. 2. Forest fire fighters. I. United States. Dept. of Agriculture. II. National Audiovisual Center. 82-706236 OCLC 08309972

Winter, Octavio A.

The incorporation of plotting capability into the "unified subsonic supersonic aerodynamic analysis program", version B / Octavio A. Winter; prepared for Langley Research Center under contract NASI-14900. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; [Springfield, Va.: For sale by National Technical Information Service], 1980. iv, 137 p.; ill.; 27 cm. — (NASA contractor report; 3228) May 1980. Bibliography: p. 77.

— Item 830-H-14 (microfiche) 1. Aerodynamics. I. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08371810

NAS 1.26:3241

Wang, K. L.

Thermal elastohydrodynamic lubrication of spur gears / by K.L. Wang and H.S. Cheng; prepared for Lewis Research Center under Grant NGR 14-007-084. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; [Springfield, Va.: For sale by the National Technical Information Service], 1980. iv, 132 p.: ill.; 27 cm. — (NASA contractor report; 3241) "February 1980"—Cover. Includes bibliographical references. Item 830-H-15 (microfiche) 1. Mechanical engineering — United States. 2. Lubrication and lubricants. 3. Gearing, Spur. I. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. II. Lewis Research Center. III. Title. IV. Series. OCLC 08297352

82-14195

NAS 1,26:3242

Reed, R. A.

Infrared measurements of a scramjet exhaust / R. A. Reed and M. W. Slack; prepared for Langley Research Center under contract NAS1-15395. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; [Springfield, Va.: For sale by the National Technical Information Service], 1980. iv, 22 p.: ill.; 27 cm. — (NASA contractor report; 3242) "January 1980"—Cover. Includes bibliographical references. ● Item 830-H-14 (microfiche) 1. Airplanes — Jet propulsion. 2. Infra-red spectrometry. I. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08297186

12-14196

NAS 1.26:3243

Boppe, Charles W.

Transonic flow field analysis for wing-fuselage configurations / Charles W. Boppe; prepared for Langley Research
Center under contract NAS1-14732. — Washington, D.C.:
National Aeronautics and Space Administration, Scientific
and Technical Information Office; [Springfield, Va.: For sale
by the National Technical Information Service], 1980. vii,
152 p.: ill.; 27 cm. — (NASA contractor report; 3243)
"May 1980"—Cover. Includes bibliographical references.

Item 830-H-14 (microfiche) 1. Aerodynamics. I. United
States. National Aeronautics and Space Administration. Scientific and Technical Information Office. II. Langley Research
Center. III. Title. IV. Series. OCLC 08297096

2-14197

NAS 1.26:3244

Crascella, N. L.

82-14198

NAS 1.26:3245

El-Hady, Nabil M.

Nonparallel stability of three-dimensional compressible boundary layers / Nabil M. El-Hady; prepared for Langley Research Center under grant NSG-1645. — Washington, D.C.: National Aeronautics and Space Administration, Scientifice and Technical Information Office; [Springfield, Va.: For sale by the National Technical Information Service], 1980. 35 p.; 27 cm. — (NASA contractor report; 3245) Feb. 1980. Bibliography: p. 33-35. Contents: Pt. I. Stability analysis.

Item 830-H-14 (microfiche) 1. Fluid mechanics. I. United States. National Aeronautics and Space Administration. Scientific Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08350133

82-14199

NAS 1.26:3249

Orszag, Steven A.

Stability analysis for laminar flow control, / Steven A. Orszag; prepared for Langley Research Center under contract NASI-14907. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; [Springfield, Va.: For sale by the National Technical Service], 1980. [i], 20 p.; 27 cm. — (NASA contractor report; 3249) "April 1980"—Cover. Description based on Part II. Includes bibliographical references. Contents: pt. 2. [No distinctive title] — Item 830-H-14 (microfiche) I. United States. National Aeronautics and Space Administration; Scientific and Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08295626

82-14200

NAS 1.26:3255

Christensen, Larry S.

Fog dispersion / Larry S. Christensen and Walter Frost; prepared for Marshall Space Flight Center under contract NAS8-33095. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; Springfield, Va.: For sale by National Technical Information Service, 1980. viii, 118 p.: ill.; 27 cm. — (NASA contractor report; 3255) "March 1980"—Cover. Includes bibliographical references. ● Item 830-H-14 (microfiche) 1. Weather control — United States. I. Frost, Walter, 1935- II. United States. National Aeronautics and Space Administration. Scientific Technical Information Office. III. George C. Marshall Space Flight Center. IV. Title. V. Series. OCLC 06758015

82-14201

NAS 1.26:3263

Stiles, William H.

NAS 1,26:3265-3266

Calouri, Vincent A.

Technology requirements for future Earth-to-Geosynchronous orbit transportation systems / Vincent A. Calouri, Robert T. Conrad, and James C. Jenkins; prepared for Langley Research Center under contract NAS1-15301. - Washington. D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office, [Springfield, Va. : For sale by the National Technical Information Servicel, 1980. 2 v. : ill. : 27 cm. - (NASA contractor report ; 3265-3266) Includes bibliographical references. Contents: v. 1. Executive summary - v. 2. Technical results. Item 830-H-14 (microfiche) 1. Outer space — Transportation. I. Conrad, Robert T. II. Jenkins, James C. III. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. IV. Langley Research Center. V. Title. VI. Series. OCLC 08325040

82-14203

NAS 1.26:3268

Study of LPE methods for growth of InGaAsP/InP CW lasers / I Ladany ... [et al.]; prepared for Langley Research Center under contract NAS1-15440. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; [Springfield, Va.: For sale by the National Technical Information Service], 1980. vii, 39 p. : ill.: 27 cm. - (NASA contractor report: 3268) "April 1980"-Cover. Includes bibliographical references. Oltem 830-H-14 (microfiche) 1. Lasers. I. Ladany, I. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. III. Langley Research Center. IV. Series. OCLC 08289530

82-14204

NAS 1.26:3270

Crouch, K. E.

Calibration tests on magnetic tape lighting current detectors / K. E. Crouch; prepared for Kennedy Space Center under contract CC 82279A. - Washington, D.C.: National Aeronutics and Space Administration, Scientific and Technical Information] Office; [Springfield, Va.: For sale by the National Technical Information Service], 1980. iii, 83 p.: ill.; 27 cm. - (NASA contractor report; 3270) "April 1980"-14 (microfiche) 1. Lighting - Measurement, I. United States. National Aeronautics and Space Administration Scientific and Technical Information Office. II. NASA John F. Kennedy Space Center. III. Title. IV. Series. OCLC 08295565

82-14205

NAS 1,26:3271

Orszag, Steven A.

Numerical simulation of shear plows over wavy boundaries / Steven A. Orszag; prepared for Langley Research Center under contract NAS1-15383. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and technical Information Office; [Springfield, Va. : For sale by the National Technical Information Service], 1980. iv, 35 p. : ill.; 27 cm. - (NASA contractor report; 3271) "April 1980" - Cover. Includes bibliographical references. Item 830-H-14 (microfiche) 1. Fluid mechanics. I. United states. National Aeronautics and Space Administration Scientific and Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08295689

82-14206

NAS 1.26:3272

Surface temperature and glassy state investigations in tribology / prepared for Lewis Research Center, under grant NSG 3106. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch [Springfield, Va. : For sale by the National Technical Information Servicel, 1979- v. : ill. ; 27 cm. - (NASA contractor report; 3272) "NASA Scientific and Technical Information Office." "April 1980"-Pt. III, Cover. Includes bibliographical references. Contents: pt. 3. [No distinctive title] Item 830-H-14 (microfiche) 1. Elastomers. 2. Lubricating oils - Viscosity. 3. Tribology. I. Bair, Scott S. II. Winer, W. O. (Ward O.) III. United States. National Aeronautics and Space Administration, Scientific and Technical Information Branch, IV. United States, National Aeronautics and Space Administration. Scientific and Technical Information Office. V. Lewis Research Center. VI. Series. OCLC 08252358

82-14207

NAS 1.26:3285

Loughead, Tomas E.

EVA manipulation and assembly of space structure columns / Tomas E. Loughead and Edwin C. Pruett : prepared for Marshall Space Flight Center under contract NAS8-32989. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office. [Springfield, Va. : For sale by the National Technical Information Servicel, 1980. 59 p. in various pagings : ill.; 27 cm. - (NASA contractor report; 3285) "May 1980"-tems (Space environment) I. Pruett, Edwin C. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. III. George C. Marshall Space Flight Center. IV. Title. V. Series. OCLC 08324836

82-14208

NAS 1.26:3286

Wheat forecast economics effect study / R. K. Mehra ... [et al.] prepared for Goddard Space Flight Center under contract NAS5-25463. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office, 1980. 114 p.; charts: 27 cm. - (NASA contractor 830-H-14 (microfiche) 1. Wheat trade - Mathematical models. 2. Wheat - Mathematical models. I. Mehra, Raman K. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. III. Goddard Space Flight Center. IV. Series. OCLC 06990096

82-14209

NAS 1.26:3287

Kamat, Manohar P.

Nonlinear transient analysis by energy minimization : a theoretical bases for the "ACTION" computer code / Manohar P. Kamat; prepared for Langley Research Center under contract NAS 1-15080. - [Washington] : National Aeronautics and Space Administration, Scientific and Technical Information Office, 1980. vii, 101 p. : ill. - (NASA contractor report; 3287) "July 1980"-Cover. Includes bibliographical references. Oltem 830-H-14 (microfiche) 1. Airplanes - Airworthiness - Data processing. 2. Structural design. I. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08361493

NAS 1.26:3287

Kamat, Manohar P.

Nonlinear transient analysis by energy minimization : a theoretical bases for the "ACTION" computer code / Manohar P. Kamat; prepared for Langley Research Center under contract NAS 1-15080. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office, 1980. vii, 101 p.: ill.; 27 cm. - (NASA contractor report; 3287) "July 1980"-Cover. Includes Airplanes - Airworthiness - Data processing. 2. Structural design. I. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. II. Langley Research Center. III. Title. IV. Series. OCLC 08361493

12-14211

NAS 1.26:3289

Dash, Sanford M.

Computational models for the viscous/inviscid analysis of jet aircraft exhaust plumes / Sanford M. Dash, Harold S. Pergament, and Roger D. Thorpe; prepared for Langley Research Center under contract NAS1-14794. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Office; [Springfield, Va. : For sale by the National Technical Information Service], 1980. ix, [70] p.:ill; 27 cm. — (NASA contractor report; 3289) May 1980. Includes bibliographical references.

●Item 830-H-14 (microfiche) 1. Fluid mechanics. I. Pergament, Harold S. II. Thorpe, Roger D. III. United States. National Aeronautics and Space Administration. Scientific and Technical Information Office. IV. Langley Research Center. V. Title. VI. Series. OCLC 08350179

2-14212

NAS 1.26:3385

ihos, Gregory G.

An efficient code for the simulation of nonhydrostatic stratified flow over obstacles / Gregory G. Pihos and Morton G. Wurtele; prepared for Dryden Flight Research Center under grants NSG-4001 and NSG-4024. - Washington, D.C. : National Aeronautics and Space Administration, Scientific and Technical Information Branch; [Springfield, Va: For sale by National Technical Information Service], 1981. xi, models. 2. Clear air turbulence — Mathematical models. 3. waves - Mathematical models. 4. Mountain Gravity waves — Mathematical models. 4. Mountain wave — Mathematical models. I. Wurtele, Morton G. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. III. Hugh L. Dryden Flight Research Center. IV. Title. V. Series. OCLC 08056233

2-14213

NAS 1.26:3386

avis, James G.

The development of convective instability, wind shear, and vertical motion in relation to convective activity and synoptic systems in AVE IV / James G. Davis and James R. Scoggins ; prepared for Marshall Space Flight Center under contract NAS8-32989. — Washington, D. C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch; [Springfield, Va. : For sale by the National Technical Information Servicel, 1981. 131 p.: ill.; 27 cm. -(NASA contractor report; 3386) Bibliography: p. 128-131. ●Item 830-H-14 (microfiche) 1. Convection (Meteorology). 2. Synoptic meteorology. 3. Wind shear. I. Scoggins,

James R. II. George C. Marshall Space Flight Center. III. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. IV. Title. V. Series. OCLC 07443432

82-14214

Biringen, Sedat

NAS 1.26:3414

Calculation of two-dimensional inlet flow fields by an implicit method including viscous effects - program documentation and test case / Sedat Biringen and Oden J. McMillen; prepared for Langley Research Center under contract NASI-1595. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch; [Springfield, Va. : For sale by the National Technical Service], 1981. iii. 166 p.: ill.; 27 cm.— (NASA contractor report; 3414) "June 1981"—Cover. Chiefly tables. In-fiche) 1. Aerodynamics, Supersonic - Data processing. I. McMillan, Oden J. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. III. Langley Research Center. IV. Title. V. Series. OCLC 08352993

82-14215

NAS 1,26:3423

Darlow, M.

Mechanical design handbook for elastomers / M. Darlow and E. Zorzi: prepared for Lewis Research Center under contract NAS3-21623. - Washington: National Aeronautics and Space Administration, Scientific and Technical Information Branch, 1981. v, 348 p. : ill.; 27 cm. - (NASA contractor report; 3423.) "June 1981"-Cover. Includes biblio-tomers - Industrial applications. 2. Damping (mechanics). I. Zorzi, E. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. III. Lewis Research Center. IV. Title. V. Series. OCLC 08157337

82-14216

NAS 1,26:3426

Micklow, J.

Semi-actuator disk theory for compressor choke flutter / J. Micklow and J. Jeffers; prepared for Lewis Research Center under contract NAS3-20060. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch; [Springfield, Va.: For sale by the National Technical Information Service], 1981. v, 164 p. : ill.; 27 cm.— (NASA contractor report; 3426) "June 1981"—Cover. Includes bibliographical references. • Item 830-H-14 (microfiche) 1. Airplanes - Turbine-propeller engines - Mathematical models. 2. Unsteady flow (Aerodynamics) - Mathematical models. 3. Cascades (Fluid dynamics) - Mathematical models. I. Jeffers, J. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. III. Lewis Research Center. IV. Title. V. Series. OCLC 08337843

82-14217

NAS 1.26:3451

Pines, Samuel.

Terminal area automatic navigation, guidance control research using the microwave landing system (MLS) / Samuel Pines: prepared for Langley Research Center under contract NAS-1-15116. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch; Springfield, Va.: For sale by the National Technical Information Service], 1981. v, 74 p. : ill.; 27 cm. - (NASA contractor report; 3451) "August 1981"-

National Aeronautics and Space Administration

Cover. Includes bibliographical references. Contents: pt. 1. Automatic rollout, turnoff and taxi.

Item 830-H-14 (microfiche) 1. Airplanes — Handling characteristics — Testing. 2. Airplanes — Landing — Testing. 3. Microwave landing systems — Testing. I. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. II. Langley Research Center. III. Title. IV. Series. OCLC 08351446

82-14218

NAS 1.26:3452

Berman, Alex.

Automated dynamic analytical model improvement / Alex Berman and Fu Shang Wei ; prepared for Langley Research Center under contract NAS1-15805. — Washington, D.C.: National Aeronatucs and Space Administration, Scientific and Technical Information Branch, [Springfield, Va.: For sale by the National Technical Information Service], 1981. iii, 44 p.: 27 cm. — (NASA contractor report ; 3452) "July 1981" — Cover. Includes bibliographical references. Includes mathematical tables. ●Item 830-H-14 (microfiche) 1. Astrodynamics — Data Processing. 2. Engineering models — Data processing. I. Wei, Fu Shang. II. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. III. Langley Research Center. IV. Title. V. Series. OCLC 08355036

82-14219

NAS 1.26:3453

Goree, J. G.

Mathematical modeling of damage in unidirectional composites / James G. Goree, Lokeswarappa R. Dharani, and Walter F. Jones; prepared for Langley Research Center under grant NSG-1297. - Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch: [Springfield, Va. : For sale by the National Technical Information Service. 1981. vii. 94 p. : ill. : 27 cm. - (NASA contractor report; 3453) "August 1981"-Cover. Includes bibliographical references. Item 830-H-14 (microfiche) 1. Composite materials - Mathematical models. 2. Shear (Mechanics) - Mathematical models. 3. Strains and stresses - Mathematical models. I. Dharani. Lokeswarappa R. II. Jones, Walter F. III. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. IV. Langley Research Center. V. Title. VI. Series. OCLC 08337781

82-14220

NAS 1.26:3454

Tanna, H. K.

Shock associated noise reduction from inverted-velcoity-profile coannular jets / H.K. Tanna, C.K.W. Tam, and W.H. Brown; prepared for Langley Research Center under contract NASI-1597I. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch; [Springfield, Va.: For sale by the National Technical Information Service], 1981. iv, 156 p.: ill.; 27 cm. — (NASA contractor report; 3454) "August 1981"—Cover. Includes bibliographical references. Item 830-H-14 (microfiche) 1. High-speed aeronautics — Testing. 2. Noise control. I. Tam, C. K. W. II. Brown, W. H. III. United States. National Aeronautics and Space Administration. Scientific and technical Information Branch. IV. Langley Research Center. V. Title. VI. Series. OCLC 08337770

82-14221

NAS 1.26:3456

Jedlovec, Gary J.

A subsynoptic-scale kinectic energy study of the Red River Valley tornado outbreak (AVE-SESAME I) / Gary J. Jedlo-

82-14222

NAS 1.43/7:H 99

Automobile tire hydroplaning—what happens! [videorecording] / U.S. Federal Highway Administration and U.S. National Aeronautics and Space Administration. Washington: Federal Highway Administration, 1965 : Distributed by National Audiovisual Center, 1982. 1 videorecording (12 min.) : sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in, or Beta 1/2 in, or VHS 1/2 in,) or reel (1 in, or 2 in,) Issued also as motion picture. Describes the hazards of automobile tire hydroplaning, which occurs when cars are driven at accepted highway speeds on roadways where there is standing water. 1. Automobile driving in bad weather. 2. Automobile driving in rain. 3. Automobile driving on highways. 4. Automobiles - Tires. I. United States. Federal Highway Administration. II. United States. National Aeronautics and Space Administration. III. National Audiovisual Center. 82-706350 OCLC 08379085

82-14223

NAS 1.43/7:M 35

A New view of Mars videorecording / U.S. National Aeronautics and Space Administration; [produced by] Graphic Films Corp. Washington: The Administration, 1975: Distributed by National Audiovisual Center, 1981. 1 videorecording (10 min.): sd., col. Title from data sheet. Issued as cassette (U-matic 3/4 in. or Beta 1/2 in. or VHS 1/2 in.) or reel (1 in. or 2 in.) Issued also as motion picture. Delves into scientific thought concerning the planet Mars and discusses the possibility of life existing there. 1. Mars (Planet) 2. Life on other planets. I. United States. National Aeronautics and Space Administration. II. Graphic Films Corp. III. National Audiovisual Center. 82-706243 OCLC 08325912

82-14224

NAS 1.55:1082

Kaul, R. D.

Propagation effects handbook for satellite systems design: summary of progagation impairments on 10 to 100 GHz satellite links with techniques for system design / R. D. Kaul and R. G. Wallance. — 2nd ed. — Washington, D.C.: National Aeronautics and Space Administration, Scientific and Technical Information Branch, 1981. xviii, 407 p.; ill.; 7 maps; 28 cm. — (NASA reference publication; 1082) "December 1981." Includes bibliographies and index. 1. Artificial satellites in telecommunication — United States — Cost of Operation. 2. Engineering meteorology. 3. Precipitation gauges. 1. United States. National Aeronautics and Space Administration. Scientific and Technical Information Branch. II. Title. III. Series. 82-601179 OCLC 08301457
